

# NORTH FORT HOME OWNERS ASSOCIATION

## MISSION STATEMENT

North Fort Home Owners Association is an organization formed by volunteer property owners who work for the preservation and betterment of property values, a safe and clean neighborhood environment and the continuing improvement of the quality of life within the community.

In performing this function, the North Fort HOA promotes these core values:

§ Good Neighbors – We promote respect, communication and discussion to resolve issues. Not all issues will have association implications.

§ Volunteerism – We highly value our volunteers for their willingness to serve the community selflessly.

§ Representation – We protect and safeguard the interests of the entire community, internally and externally.

§ Improvement – We believe in being leaders by anticipating community needs and acting to meet those needs. We positively influence participation and awareness and our actions serve as persuasive examples for others to follow.
